darling, darling, darling  
don't hesitate, let's go  
darling, darling, darling  
i'll teach you all i know  
i want to slap my titties  
across your face  
we slam our bodies  
in a famished pace  
i want to treat you, baby  
like a horny dog  
and ride your rapids, baby  
on top of your big log

darling, darling, darling  
i blow on your mind  
darling, darling, darling  
i think it started to grind  
oh, my dripping tongue  
across your skin  
fill my mouth with you  
until you start to grin  
come on, let's change positions  
'cause i want more  
until your knee starts bleeding  
on my marble floor

come on, i'll do ya, do ya  
i'll do ya good  
come on, i'll do ya, do ya  
like you knew i would  
do ya, do ya, do ya, do ya, do ya  
like you knew i would

darling, darling, darling  
come on and do your thang  
oh darling, darling, darling  
until my mind goes "bang!"  
(giggles)  
oh! please don't  
touch me there  
i like to -

oh, i don't care  
take me  
yeah, oh my god  
i'm so happy, baby  
i'm a lucky sod  
oh no, oh no, ya don't stop  
take me higher, tiger  
take me to the top  
oh, easy, baby  
please go slow  
faster, faster, faster  
here we go

come on, i'll do ya, do ya  
i'll do ya good  
come on, i'll do ya, do ya  
like you knew i would  
do ya, do ya, do ya, do ya, do ya  
like you knew i would

come on, i'll do ya, do ya  
i'll do ya good  
come on, i'll do ya, do ya  
like you knew i would  
do ya, do ya, do ya, do ya, do ya  
like you knew i would

come on, i'll do ya, do ya  
i'll do ya good  
come on, i'll do ya, do ya  
like you knew i would  
do ya, do ya, do ya, do ya, do ya  
like you knew i would
