We came a long way
From the first day
We set foot...

Underground - indoors
In the damp - in the cold
To find our new home...

So I finally found myself
Finally found a place to call home
Underground - indoors
Very damp - very cold
Warm in heart...

(And) we find a way to break these chains
Find a way to erase the day
Find some way
(Fill our void...)

So I will scream this out
To all who listen
As people - as human
Community, Underground - with open doors
Feel our warmth
