I met a girl I'd like to know better, but I'm already with someone  
I met a girl I'd like to know better, but I'm already with someone

Everyone stands on the corner promiscuously  
Looking like something to fight and for something to beat.  
Did anyone else see that girl who was pulling away  
Like if she pulled off to the side I'd have something to say.

[I said]  
I met a girl I'd like to know better  
But I'm already with someone.

And you've got permission to see other men while you sleep  
And we wage perpetual war for perpetual peace  
One says hey what gives with you  
The other says hey what gives with you  
It's this pace that gets to you all right

[she said]  
I met a girl I'd like to know better  
But I'm already with someone.

And it's so so long  
When you're so so (so) wrong.

We interweave so much that we've lost a bit of solid ground  
All for a kiss the things that we miss are leveling out  
And I waste my time, question it, drag my heels a bit.  
Forever pressures me, now I want to be  
Wrapped in rhythm soul space and rock and roll  
Nothing appeals to me like bottoming out  
And I erase time sleep a bit smoke the rest of it  
Because time don't mean a thing without...

I met a girl I'd like to know better

But I'm already with someone.
