[Verse]

time is now  
stop asking how  
and living in past moments

a great escape  
missed opportunity  
to break new ground

[Chorus]

RISE...  
to your feet

[Verse]

so you've made it out ok  
picture perfect scenes  
with bitter endings  
cause while you sleep  
and think "its safe to be me"  
there is danger

[Bridge]

you cant stop me from crumbling  
underneath the weight  
you cant stop me from crumbling  
pressure that I cant take

you cant and wont stop me
