[Verse]

taken for all its worth
a couple chords and a few words
sing our song together
sing at the top of our lungs

having met and having me change
was still the best thing,
through all these days

[Chorus]

cause, you live...you learn
and you'll make mistakes
and the writing
is only a cheap escape
(from pain)

[Verse 2]

well I know ill never make things right
and I'm fine with this
as long as you sleep well at night
so sleep well at night
cause what's been said I surely meant
and I'm happy for you
if you're happy without me
alright

[Chorus]

[Bridge]

it took losing you
to find me
