I met a girl, I'd like to know better  
But I'm already with someone  
I met a girl, I'd like to know better  
But I'm already with someone

Everyone stands on the corner promiscuously  
Looking like something to fight, something to beat  
Did anyone else see that girl who was pulling away?  
Like if she pulled off to the side, I'd have something to say

I said, I met a girl, I'd like to know better  
But I'm already with someone  
I met a girl, I'd like to know better  
But I'm already with someone

And you've got permission  
To see other men while you sleep  
And we wage perpetual war for perpetual peace  
One says, "Hey, what gets with you?"  
The other says, "What gets with you?"  
It's the pace that gets to you, all right

She said, "I met a girl, I'd like to know better"  
But I'm already with someone  
I met a girl, I'd like to know better  
But I'm already with someone

I met a girl, I'd like to know better  
But I'm already with someone  
And it's so, so long  
When you're so, so wrong

We interweave so much that we've lost a bit of solid ground  
An' all for a kiss, the things that we miss are leveling out  
An' I waste my time, question it, drag my heels a bit  
Forever pressures me, now I want to be

Wrapped in rhythm, soul, space and rock and roll  
Nothing appeals to me like bottoming out

And I erase time, sleep a bit, smoke the rest of it  
Because time don't mean a thing without

I met a girl, I'd like to know better  
But I'm already with someone  
I met a girl, I'd like to know better  
But I'm already with someone
