Hey, you there! Im talking tou you
Look at me cause I won't repeat
Listen to the end of the day
Why are you making noice
With fragrance and expensive clothes
You don't care at all

We had fun
You and I

I running 'round in circles
Wasting my time with you
Waiting for the day
(But it will not come)
It's getting useless
Tired to be nothing
Right in front of you
So I will bring you down

Maybe I'm a pessimist
But I don't think we need an exorcist
To cut your fucking head
You should get a dick much harder
And stop behave you like retarded
We will meet again

We had fun
You and I

I running 'round in circles
Wasting my time with you
Waiting for the day
(But it will not come)
It's getting useless
Tired to be nothing
Right in front of you
So I will bring you down

I running 'round in circles
Wasting my time with you
Waiting for the day

(But it will not come)
It's getting useless
Tired to be nothing
Right in front of you
So I will bring you down
