Spirits move me, everytime I'm near you  
Whirling like a cyclone in my mind  
You are my lifeline, angel of a lifetime  
Answer to all answers that I could find

Baby, I want you, come, come  
Won't you just come into my arms?  
Let me feel the wonder of all of you  
Could it be magic now, now  
Now and hold on fast?  
Could this be the magic at last?

Baby, take me high upon the hillside  
High up where the stallion meets the sun  
You won't believe me but I know I could love you  
Build my whole world around you  
Never leave you till my life is gone

Baby, I want you, come, come  
Come into my arms.  
Let me feel the wonder of all of you  
Could it be magic now, now  
Now and hold on fast?  
Could this be the magic at last?
