Have you seen my girl
She's the one with the curly hair
She was sitting just right over there
Now she's nowhere to be found
I think she's mad at me
I don't know why
Maybe because I made her cry
When I told her I was down

She only likes me when I'm high
She always trying to get me stoned
She want's to see me in the sky
She has to have me there alone
She got me on my knees
Begging baby baby please
Don't hurt me no
Don't hurt me so

As a gentleman, I do everything I can
To be a law-abiding kind of energy
Yet stimulating all the while
When she comes around
I don't know why
I always go too fucking far
And end up puking on the bathroom tile - oh my!
She only likes me when I'm high
She always trying to get me stoned
She want's to see me in the sky
She has to have me there alone
She got me on my knees
Begging baby baby please
Don't hurt me no
Don't hurt me so
When she comes around
I don't know why
I always let her track me down
But can I leave it all behind?

She only likes me when I'm high
She always trying to get me stoned
She want's to see me in the sky
She has to have me there alone

I'm down on my knees
Begging baby baby please
Don't hurt me no
Don't hurt me so
She's tracking
She tracks me down
She's bound
To track me down
She's tracking
She tracks me down
She's bound
To track me down
She's tracking
She tracks me down
She's bound
To track me down
She's tracking
She tracks me down
She's bound
To track me down
She's tracking
She tracks me down
She's bound
To track me down
