Hey yo firecracker whitey cracker's blowin up the spot
So here comes the honkey with the sixteen shot
clip let 'em rip ya better duck as I buck
I get quick when I slip, now you're (shit) out of luck
So Rin Tin Tin, I'm flowin to tic tac toe
Rolled a 4-5-6, then I'm scoopin up the doughs
So hollllld up, squiddly diddly wait a minute
Eight arms to go around and eight legs to come with it
So hellos, fellows, I'm feelin kind of mellows
Brews for the crews to keep the brain like jellos
So as I flows, follow the nose that always knows
his (shit), so let me spin it around
like a merry-go mack daddy pimp not a simp
with a limp if you're fiendin for the flavor GET THE HIT
The crew don't half step, we lay it on thick
If you suckers wanna front then get the DIICK

You gotta roll with the flavor - flavor flavor!
I kicks the flavor - flavor flavor!
You gotta savor the flavor - flavor flavor!

Gots to get a dap that ol' NEW YORK RAP
So hold, here we go, can I flow unto the breaks
If you're slippin like a snake then I contemplate the fate
cause I'm fizzin - FUMIN - the mentals need boomin
When I'm done I bone your ho and then her hair needs
groomin
So, pass the comb as I'm the barber let me get BUSY
I'm raw like a dragon, I'll eat you like a grizzly
More flavor than a ladi(?), that's why the girlies want
me
Gettin boned was Sally's hobby so I tossed her like a
dolly
I'm super duper SWIFT, I got the getty back
That means I get it from the getty SO YOU BETTER NOT
