Another busy day

The fever breaks

At 12:01

You'll never guess

Who strapped me to the wall

Once again

I melt like you

Take a breath

Inhale your life

Take a drag

Don't you leave me here to die

Can't you see

The writing on the wall

You say "What wall?"

Pass your smile

Pass it somewhere far

Breathe your flames

Seal them in your jar

Can you feel what I feel

You will feel and see its so real

You'll know

You'll feel your face turn red

So close to zero

But still an X

You were my hero

But you left me dead

You'll never see me cry like this

Cause I know you're holding me up high
