Every time I'm falling out,  
frustrations seal my doubt  
Melodrama ensues  
inks my impending doom  
A million times a day,  
I'm looking for a remedy  
A numbing drug that cures thinking too much  
Is a hope for salvation

Ignore how much I love to say  
I think I'm losing grip on things  
And through whatever,  
come what may  
I'm placing bets that time wont save me

It goes up and down  
My life's a fucking dragout  
Stuck face down and  
I'm hanging by a thread  
Up and down but i think i kind of like it  
Up and down I'm safe and sound tonight

The sweet guilt of defeat  
forever steals my sleep  
I'll slit for apathy,  
and then let freedom sing  
Take me far away,  
let this be my last mistake  
I'm open wide, please let your heart collide  
and you just might save my life

Ignore how much I love to say  
I think I'm losing grip on things  
And through whatever,  
come what may  
I'm placing bets that time wont save me

It goes up and down  
My life's a fucking dragout  
Stuck face down and  
I'm hanging by a thread

Up and down but i think i kind of like it  
Up and down I'm safe and sound tonight

It goes up and down  
My life's a fucking dragout  
Stuck face down and  
I'm hanging by a thread  
Up and down but i think i kind of like it  
Up and down I'm safe and sound tonight  
It goes up and down  
My life's a fucking dragout  
Stuck face down and  
I'm hanging by a thread  
Up and down but i think i kind of like it  
Up and down I'm safe and sound tonight  
Tonight  
Tonight
