Eyes like fire - Burn desire
As we dance away into the night

This attraction - Fuels a passion
That's just too strong for us to try and fight

Each moment we're together
I just never want to end
'Cause I could never feel this way again

'Cause nothing else had ever felt so right
To feel your body lying next to me
As the rhythm of your heart beats through me
All through the night
I never thought I'd ever realize
A long that feels so close to paradise
Boy I could spend my whole life living
Forever in our eyes

Lips so tender - I surrender
Everything I am is yours alone

When you touch me - All that I see
Fire feeling that my heart has never known

You're all I ever dreamed of
you're my every fantasy
Whoever thought an angel could bring heaven here to
me

'Cause nothing else had ever felt so right
To feel your body lying next to me
As the rhythm of your heart beats through me
All through the night
I never thought I'd ever realize
A long that feels so close to paradise
Boy I could spend my whole life living
Forever in our eyes

You're the one my heart beats for
You're my everything and more

It's a burnin' love I can't seem to ignore
All the things I feel inside
Are too strong for me to hide (baby)
I need you by my side
'Cause I could live forever in your eyes

'Cause nothing else had ever felt so right
To feel your body lying next to me
As the rhythm of your heart beats through me
All through the night
I never thought I'd ever realize
A long that feels so close to paradise
Boy I could spend my whole life living
Forever in our eyes
