The ice breaks but you're still freezing me out.  
The moonscape and the earth quaking me out.  
What we wanted, hand shakes handed out  
In waves and pages handwritten down.

You've gone on to get them  
To show me the dead ends  
And why I can't afford to lose my head.

Corrupt hate while the god's still figuring out  
Without patience the bright light's fading now  
What he wanted, handshakes hiding out  
In fear of contempt, regrets running round.

You've gone on to get them  
To show me the dead ends  
And why I can't afford to lose my head.

You can't afford to lose your head.  
It's hatred but you wait instead.  
You can't afford to lose your head  
So you wait, and you wait  
And you get what you want  
And you get what you hate

You've gone on to get them  
To show me the dead ends  
And why I can't afford to lose my head.

You've gone on to get them  
To show me the dead ends  
And why I can't afford to lose my head.  
It's why I can't afford to lose my head.  
It's why I can't afford to lose my head.
