For so long, I've been searching for things to come and  
save us now, but we have fallen and we can't get out ,

Love, went wrong, It drove us far away from what we  
are and  
words and chords, can not describe this is what we've  
become

Blinded by the dark, Blinded by the dark  
I've been trying to say this to you,  
Things can fall apart, and the end can start, now

Hearts two hearts, they might be pumping but the veins  
are dry and  
Though we're not apart,  
I can not seem to reach you're open hand and  
we're fighting fighting lying and lying

We keep running but we're standing still

Blinded by the dark, Blinded by the dark  
I've been trying to say this to you,  
Things can fall apart, and the end can start, tonight,  
and we're

Fighting fighting  
Lying and Lying

All this running and running has got me shattered and  
lonely  
Blinded by the dark, Blinded by the dark tonight

Hearts oh hearts, you keep on pumping but the veins  
are dry

Blinded by the dark, Blinded by the dark  
I've been trying to say this to you,  
Things can fall apart, and the end can start, tonight,  
and we're

Fighting and we're Lying

All this running and running has got me shattered and  
lonely  
Blinded by the dark, Blinded by the dark tonight

Heart my sweet heart, you might be pumping but my  
vains are dry.
