#### [Verse 1]

They were tryin' to tell me something  
Ooh, but I was hearing nothing  
When they said you was just playin me  
I didn't listen, I didn't want to  
You couldn't find a blinder fool

I'm here searching through the wreckage  
Wondering why the message never got through  
And I found I misplaced all my faith  
How could I put my faith in you

#### [Chorus]

How many times, how many lies  
How long you've been sneakin'  
How long you've been creepin (around)  
How many lies, how many times  
Were you here deceivin'  
While I was here believin' in you

#### [Verse 2]

Gotta put the blame on myself  
Should've known what everyone else  
Knew that you were just bad news  
I shoulda walked out (I shoulda walked out)  
I shoulda seen clear (I shoulda seen clear)  
Glad your sad ass is out of here

I've gone and thrown out all the records  
All the ones that eva reminded me of you  
I've gone and torn up all the pictures  
Cuz there was not one shred of truth

#### [Chorus]

There was so many times, there was so many lies  
I don't know why I stayed, no  
There was so many days, there was so many games  
I should've thrown yo sad ass out  
Only the dumbest fool would eva trust in you  
I finally got wise, I opened up my eyes, the game is

over

I've gone and thrown out all the records  
All the ones that eva reminded me of you  
I've gone and torn up all pictures  
Cuz there was not one shred of truth

[Chorus 2x]

I opened up my eyes!
