I wasn't looking for this
What is this
I don't know
You know I was doing just fine
By myself
On my own
Tell me how to stop this feeling

I don't want to fall in love
Just want to have a little fun
Then you came and swept me up and now I'm done so
done
Falling madly deeply I
Surprise myself enough to find
That what's become this love and now I'm done so
done, I'm done

I can't imagine right now
Standing here, without you
To think that I tried to ignore
What I felt, what I knew
I could never, stop this feeling

I don't want to fall in love
Just want to have a little fun
But then you came and swept me up and now I'm done
so done
Falling madly deeply I
Surprise myself enough to find that what's become this
love and now I'm done so done,
I'm done

Thank you for not letting go
When I said
Let me go
Thank you for timing, thank you for fighting
Thank you for not believing me baby when I said

I don't want to fall in love
Just want to have a little fun
But then you came and swept me up and now I'm done

so done
Falling madly deeply I
Surprise myself enough to find that what's become this
love, and now I'm done so done, I'm done...
