Ooh

The plan
Was to let me down gently
I know
The game
Was to call it temporary
Oh

Boy be carefull what you wish for
Cause you might get that and so much more
I won't shed a tear
If you don't want me here
Boy I'll give you

Space
In the closet where my clothes should be
In that empty bed without me
Now I'm walking out the front door
You got exactly what you asked for
Space
In your phone where it said my name
Where I tore my picture out your frame
And I will be around
When you figure out
You got exactly what you asked for
Space

Now wait
This ain't no way to be treated
Mmm
Mistake
You can't have your cake and eat it
Na Na Na
Cause any real man would up and leave
But I guess thats more than you can be
Let me help you out
I'ma leave right now
Boy you got your space

Space

In the closet where my clothes should be
In that empty bed without me
Now I'm walking out the front door
You got exactly what you asked for
Space
In your phone where it said my name
Where I tore my picture out your frame
And I will be around
When you figure out
You got exactly what you asked for
Space

Where my kiss should be
In your arms where they used to be holding me
In your car
On the passenger side
There's an empty seat
Where I used to ride
Space in your mind when you think of me
Cause I'ma bout to be
A memory
Now you've got your space

Space
In the closet where my clothes should be
In that empty bed without me
Now I'm walking out the front door
You got exactly what you asked for
Space
In your phone where it said my name
Where I tore my picture out your frame
And I will be around
When you figure out
You got exactly what you asked for
Space

I'll give you your space
You got your space
You got exactly what you asked for
Ooh baby
I'm so gone
You got me saying bye baby
