[Timbaland]

Everybody listen all over the world

I got a story 'bout my favorite girl (Wait a minute)

[The Pussycat Dolls ]

Oh, my baby sexy for sure

I had to have him when he walked through the door  
(Wait a minute)

[Timbaland]

She was 'bout to drive me insane

She come with drama while I'm giving her chains (Wait

[The Pussycat Dolls ]

I'm focused but I'm losing control

He only wants me for my body zone (Wait a minute)

[Timbaland]

Girl, why you do me like that?

You take all my money

Can't even call a player back (Wait a minute)

[The Pussycat Dolls ]

Boy, why you tripping like that?

You think 'cause you tricking you get it just like that?  
(Wait a minute)

Minding my business, I was doing my thing

Got my attention, so I gave him a chance (Wait a  
minute)

Did I mention he was buying a bar?

Gave him my number, he was trying so hard (Wait a  
minute)

Bought me some things I didn't want, didn't need

Dropped down his jeans like I'm supposed to drop to  
my knees (Wait a minute)

He been blowing up my phone like he know me

Been leaving messages "You know what you owe me"  
(Wait a minute)

[Timbaland]

Girl, why you do me like that?

You take all my money

Can't even call a player back (Wait a minute)

[The Pussycat Dolls ]

Boy, why you tripping like that?

You think 'cause you tricking you get it just like that?

(Wait a minute)

You think 'cause you tricking you get it just like that?

(Wait a minute)

What is your problem daddy?

Slow your roll

Who you think you jiving?

You're disturbing my flow (Wait a minute)

Why you be bugging?

Like I'm some kind of hoe

Got no more questions and I want you to go

So break (Break)

[Timbaland]

Hey, let me talk to you for a minute

Shut up...shut up

I love the way you strut

Girl, you already know

But, I'm feeling like you don't want me

You just after my dough

[The Pussycat Dolls ]

Baby, please, I'm fine

I'm not one of these hoes

Chasing dreams not diamond rings

So don't call me no more

(Wait a minute)

[Timbaland]

Girl, why you do me like that?

You take all my money

Can't even call a player back (Wait a minute)

(Wait a minute)

See, I don't want your money  
Yeah, I seen you rolling up here  
In your cadillac  
But, I don't need all that  
It is a nice color though  
(Wait a minute)

What they call you, Mr. Tin man or something?  
See, I don't want your cars  
I don't want your jewelry  
You can't buy this  
So you can keep that  
Wait a minute...  
Uh yeah, you can give that back
