Don't just turn and walk away

You stop and listen to what I have to say

We're falling, falling

What is that gun doing in your hand?

Using it won't make you the better man.

Falling..

How in the world can we kill each other

Sister, brother, mother, father, father, father,
father.

We're falling.

War and murder go hand in hand,

Killing is death won't you understand,

We're falling

Are we killing each other for land or pride?

Are we killing each other for oil or gold?

Whether we're killing each other for no reason at all,

All I know is that we're falling...
