"Search The Heavens"

Visit "[Search The Heavens](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Feel I've been walking for quite some time
While I've been dancing in moonlight
Wish upon the stars, some dreams onto the ocean
Since Neptune didn't hear
My helpless and empty heart doesn't stand a chance
Binding the tale to the story, wither half malign
When will I find love ?

I ask my angels floating high above
To search in all the heavens for my one and only love
Don't stop until they've found an antidote
And the angels sang "everybody's got to wait and see
Everybody's searching for their peace
Just you, just you wait and see

I ask my angels floating high above
Search the heavens for my one and only love
I ask my angels floating high above
Search the heavens for my one and the same
Everybody just you wait and see
Everybody's searching for their bit of peace
Everybody just you wait and see
