(qwanell)

you promised me that you would love
u promised me that u would stay
u promised me that you would take my heart
and never give away
u promised me that you would never cheat
u promised me that u would never change
you promised me u'll never leave
promises you never kept

(bridge)(q)

but every promises that there is broken(oh what did i
do)
right before it could ever reach me(what am i gonna
do)
u never where there to give me
the lies u made me believe in (+2)

(chorus)

these are the reasons why i left
u never should've gave me
broken , promises
broken , promises
broken , promises
broken , promises

(dawn)

you promised u'll see more of me
open ur eyes and see what we could be
u promised it was just me
a promise that u could'nt keep
u promised she was just a friend
a promise i found in my bed
a promise that made me weak
promises u never keep

(bridge)(dawn)(q)

but every promise that there is broken
right before it ever reaches me

u never wanted to give me
the lies u made me believe in

(chorus)(+2)

(dawn)

how could u do this to me
not that i gave u all of me
(the promise that u give me in one)

(q)

after i gave u my heart
u knew it from the start

(dawn)
we move our separate ways

(both)
and i'll be ok

(chorus)
