"All the Roads"

Every road through hills and valleys
Leads to heaven by and by
And the wind that sweeps the alleys
Points a finger to the sky

Chorus:

A song on my lips, a song in my heart
I go my merry way
The sun in my eyes, The sun in my heart,
Lights up my step day to day

Many friends are on the highway,
And they're waiting for a smile
Walk along my friend on my way
Holding hands a little while
Chorus

There are times of storm and sorrow
When the goal drifts out of sight
But the road leads on tomorrow
To the land of peace and light
Chorus

Then we'll all be reunited
Singing one eternal chord
For we know we've been invited
To the mansion of the Lord
Chorus
