

Singing Nun

"Hallelujah"

Like an autumn leaf that is drifting
Through a chilly November day
I was restless and drifting
Never happy, never gay
Chorus
Hallelujah, for Your grace has saved me
For Your love dear Lord in my heart
For the happiness You gave me
Hallelujah for the wind that sings
in the mountain
For the sunshine that lights up the sky
For the water in the fountain, Hallelujah!

I walked in sadness
and my song was troubled
I walked in sadness
Seeking peace and happiness everywhere
Chorus

By chance in my adventures
One evening God I have found
To Him I give my solitude
And His friendship saved me
Chorus
