I'd like to be just like the wind,  
singing everywhere  
I'd like to be just like the wind  
dancing everywhere  
Like the wind that praises the Lord  
Like the wind

I'd like to be like the white cloud,  
Fluffy in the sky  
I'd like to be like the white cloud  
In the sun  
Like the cloud that seaches for the Lord  
Facing You....

I'd like to be like the flame  
from a wood fire  
I'd like to be like the flame  
from a wood fire  
Just like the flame that rises, Lord  
Dancing for You

I'd like to be like a guitar  
A singing heart  
I'd like to be like a guitar  
A vibrant heart  
Like a guitar that You fill with the strength  
Of Your song
