Verse: Damn we done really hit it off this time
both of us screaming & we dont know why
im going crazy you dont know how much ive
taken...over & over getting old im out of patience
The more times we try the more times I fall again
I promised to never let a girl break my heart again....I
just hope that you know that im letting go...dont worry
bout mine ima be alright ima be alright tonight....

Chorus: Baby ima be alright tonight....
Im not even worried bout you
seems like you wanna fuss & fight
nothing I can say ima dance the night away
Baby ima be alright tonight....
Im not even worried bout you
seems like you wanna fuss & fight
nothing I can say ima dance the night away
Im alright.....

Verse2: Off in the club drinkin up im gone...
sittin here wondering if its my fault...

break my heart again...I just hope that you know that im
letting go...dont worry bout mine
