Ain't no sunshine cause she's gone  
I'm lonely cause she's away

My girl is gone and I can't fight sadness  
How in the world can I stand this madness?  
I thought it was love, supposed to last for ages  
Now the book of my life's missin pages  
Baby, I'm always faithful and truthful  
Keep you smilin, happy and youthful  
But now that you're gone ain't nobody to kiss me  
I'm sittin here wonderin how much you miss me  
I ask myself why, but I still can't answer  
If all I tried to do was love and romance ya  
Show you the right way, then why is it wrong?  
But all I get is the words to this song

Ain't no sunshine cause she's gone  
I'm lonely cause she's away

I been missin you for weeks and weeks  
And my heart can't stand no more pains and leaks  
Dreams and fantasia rush my mind  
I feel like I'm movin backwards in time  
I never look at your picture, cause I can't stand  
To think of you never comin back to your man  
When we made love in the whirlpool I looked in your  
eyes  
That's when you cried  
And said if I left you you'd probably die  
But now you're gone and I don't know why  
Baby, come back to me, I'll never leave you  
Hurt you in any way, girl, and deceive you  
I wish there was a way, I'm tryin to be strong  
But all I get is the words to this song

When you was around I was always smilin  
With you on my arm I was always stylin  
Never ashamed of you, take you anywhere  
Ex-girls were jealous, but I didn't care  
A lady in many was and also smart  
I had no other choice but to open my heart

You always took care of me and kept me fed  
And even at night when we laid in the bed  
You kissed me on my neck, then I hold you head  
And we made love all night  
It was over, I kept you till the morning sunrise  
Kiss you on your lips, then you close your eyes  
I never left, so I stayed and kept you  
Watched you sleep cause I had to protect you  
Everything about you, girl, made me strong  
But since you been gone...

Ain't no sunshine cause she's gone  
I'm lonely cause she's away
