Hey baby  
My name is Foxxx  
Yeah  
I see you standin over there in the corner lookin all  
smooth  
Short lil' cutie  
Hey, check this out  
How 'bout we break the scene, you know?  
Do it my way  
Comin?  
Cool

You're listenin, while my baritone's flowin  
Smilin at Freddie Foxxx, girl, because you're knowin  
We break the scene, it's a night of sheer ecstasy  
Nobody's around, just you and me  
The music is smooth and we don't have tension  
Then we cuddle up when I whisper and mention  
Baby, I think it's time that we did it  
The smile that you have on your face shows you're with  
it  
Then when we approach the bedroom you stand there  
Sexy as ever, then let down your hair  
You can't wait, the pressure builds up to shocks  
You're about to be loved by the man Freddie Foxxx  
Unpredictable attitudes can fill the air  
But when you're in the mix with the Foxxx you don't  
care  
Love goes on, might last forever  
Dissatisfaction on your part, never  
I take you deep, baby, you can't stand it  
Pain is pleasure with the black love bandit  
When it's over, hug you, kiss you and hold you  
Things stay smooth just like I told you  
Forever

(Forever and ever, yeah)  
Forever

Now baby listen, now I'm your man and you're free  
I send you love letters and you love what you read

I sing and serenade you with all my heart  
Got a bond between us, baby, never tear us apart  
Send you flowers everyday, got you diamonds and gold  
We live together always till we grow old  
Have dinner in bed, you don't have to cook  
Got my butlers waitin on you, hand and foot  
I bought you minks and furs, a white cat that purrs  
And two matching poodles named His and Hers  
We travel the world, goin near and far  
And I gave you the keys to your brand new car  
Girl, you don't wanna drive, I buy you a plane  
And on the side in black letters print your whole name  
Give you love and sensitivity, disrespect never  
Forever

(Forever and ever, yeah)  
Forever

Now my mental is active, so I'm always thinkin  
Of ways to make it better, so my love ain't shrinkin  
But you're used to it, you want more every day  
You're startin to ask me in a arrogant way  
I never asked you for nothin, always give  
But you're head's gettin real large like you live  
Bein real hateful and very ungreatful  
Tryin to disrespect the man that made your whole plate full  
How you're livin, baby, I wanna ask you  
Answer the question before I unmask you  
Was it phoney? You knew I had dough, so we did it  
But now it's all done, Foxxx just ain't with it  
It's over, I get the house, you get Rover  
I keep the Rolls and might buy you a Nova  
You devoted your love and your heart to my soul  
And said that I was the man you always wanted to hold  
Now you love me, you want me back, you want a change  
All of a sudden, girl, you wanna rearrange  
Is it because your bank's goin down the drain?  
Or you lost your diamond rings and fat gold chains  
Stop cryin, I have no sympathy whatsoever  
I don't want you forever

(Forever and ever, yeah)  
Forever

Hey baby  
When we started off everything was real smooth  
But I treat you too good, that's what it was  
Couldn't even go down the block unless you had the

cops on my jock  
Youknomsayin?  
Hey look  
I'm out
