[Verse 1]

Now I'ma kick a smooth rap tune for the ladies  
Girls lookin good make the guys go crazy  
If there wasn't no girls in the house here tonight  
I wouldn't be standin here, rockin the mic  
Fellas admit it, the music is slam-o  
But it's all the girls that make you wanna go  
You wanna be in on the skins like a rap star  
If your bass is strong, it shouldn't matter who you are  
Girls wear pants, tight and slender  
Lookin so good, she'll make a man a pretender  
On the mic when I'm rappin, I look in the crowd  
Women in the front row screamin out loud  
It sends chills through the body  
Makes me rap more and hype up the party  
Letters in the mail, sexy lipstick  
I had to write a song for the ladies real quick  
So all the ladies, clap your hands  
And let's call this one The Ladies Jam

This is The Ladies Jam  
Yo The Ladies Jam  
Yo fellas, this is The Ladies Jam

[Verse 2]

Now when the party is jumpin and the women are smilin  
Fellas play it low-key and call it stylin  
You gotta check yourself, before you make a move  
Cause if you play yourself out once, then you lose  
You gotta face the facts, women got the upper hand  
Cause it's the real good woman that makes a man  
Fellas let me ask you, please be truthful  
Would you rather have a man or a woman seduce you?  
I don't know about you, I rather die a woman juggler  
Than to die a baloney smuggler  
Now me bein a man, I gotta love my woman  
Show her this blackman can keep it comin  
Brothers get jealous, fightin over ladies  
Somebody else did your skins, now you're crazy  
But there's more women in this world than men  
So why can't all of us fellas be in?

So this is for the ladies, clap your hands  
So we can do this, it's The Ladies Jam

Yo, The Ladies Jam  
Yo fellas, it's The Ladies Jam  
Come on, it's The Ladies Jam

[Verse 3]

Girl, I been waitin for the day to come  
So me and you can do this, one on one  
Now who do I pick, what about this cutie?  
The one with the smile and the real nice booty  
Or what about brownskin sittin in the corner  
Flashin them sexy legs, you know I wanna  
Oh, you got friends with you? Cool, no sweat  
These are my boys, Ant Live, and let's jet  
More girls comin? You got a lotta friends  
The true Mack Man and Supreme are in  
Let's get one for the R, Rappin Jay  
Ron Dru and the crew get a piece of the cake  
Let's get busy and all have a party  
Off to the hotel, haircuts for everybody  
Fly girls, clap your hands  
And let's call this The Ladies Jam

This is The Ladies Jam  
Hey yo, this is The Ladies Jam  
Fellas, this is The Ladies Jam

Check this out  
Brooklyn  
This is The Ladies Jam  
Queens  
This is The Ladies Jam  
Manhattan  
This is The Ladies Jam  
The Bronx  
This is The Ladies Jam  
Strong Island  
This is The Ladies Jam  
And I'ma dedicate this one  
To the fly ladies all over the world  
This is The Ladies Jam  
Yeah  
Now we end
