If you were with me now,
I would find myself in you
If you were with me now,
you're the only one who knew
all the things we've had to do.
I want to live my life,
the ways that I would
with courage as my light,
fighting for what's right
like you believed that I could

And I will fly on my father's wings to
places I have never been
there is so much I've never seen
and I can feel his heart beat still
and I will do great things
On my father's wings

This world I'll never see
my dreams that just won't be
this horse's stride
with one day's ride
will have covered more distance than me

[Chorus]

Someday, with his spirit to guide me
and his memory beside me
I will be freeeeeeee
To fly on my father's wings
to places I have never been
and there is so much I've never seen
and I can feel his heart beat still
and I will do great things
On my father's wings
on my father's wings.....
