La, la, la,
La, la, la, la, la, la

Hm, now
There's love in the air
It's here and it's where
I'm singing along
To the words from a song

I really must sing
I fall into spring
I cling to the day
Cause today is a lifetime

And I, I
I wanna make it right

Keep my love inside your heart
And let me hold your hand real tight

Keep that thought inside your head now
And let me know it's all about love

I'll keep your world together-
-Should it fall apart?

I will hold you
And I'll Love you 4 ever

So now

It's love in the air
It's everywhere
I'm singing along
To the words in a song

I really must sing
I fall into swing
I cling to the day
Everyday is a lifeline

And everywhere that you are
You're the one by far

Keep my love inside your heart
And let me hold you hand real tight

Keep that thought inside your head now
And let me know it's all about love

I'll keep your world together-
Should it fall apart!

I will hold you
And I'll Love you 4 ever

So solid are stars into the night
Millions of lights over us in the night sky
Deep in love, it's you and I
In love 4 ever
4 ever
