Was a time when my life was mine

Seemed to follow along the line

Now I'm here in different time

Long from when your love was mine

Follow what there is to find

Looking out for all those hidden signs

Never wanted a lonely time

Too bad I can't read your mind

Was a time when my life was mine

Seemed to be going great and fine

Now I'm here in pool of tears

Long from when I held you near

Follow what there is to find

Looking out for all those hidden signs

Never wanted a lonely time

Too bad I can't read your mind

Too bad I can't read your mind

Time time was a time

Time time read your mind

Time time was a time

Time time read your mind

Time time was a time

Time time read your mind
