[Fast dance beat] One, two, three, hit it!

Just a touch of love (X4)

Love has been on my mind for sometime now  
But you've been the missing link  
Never thought it would happen  
All this stuff made me think  
That love is not for keeps

All I want is your touch  
(So, come a little closer)  
Once is never enough  
Like a bird in the sky  
(Your love has got me flyin')  
Like the stars in the night  
(Beautiful)

Just a touch of love (X 8)

Music will light the fires of romance  
So, dance with me forever  
You've gotta grab down a lover  
Someone to discover  
That just a touch of love is all I need

All I want is your touch  
(So, come a little closer)  
Once is never enough  
Like a bird in the sky  
(Your love has got me flyin')  
Like the stars in the night  
(Beautiful)

Just a touch of love (X 12)

[Lead vocal ad lib.]  
Just a touch of love (X 8)  
[Repeat and Fade]
