She's lost. she's changed. She changed her clothes to
change her mind. Confused her worth with how she's
seen in other's eyes And I know, I've seen those eyes
so cold and cruel and blind. And we'll wait so long but
won't be victims we will Let it go, close our eyes, weigh
it's worth and say goodbye. Question: Do you want a
reason or a lie? Talking, but do you have the voice to
speak your mind? Too long you've hidden doubts
behind a smile. Too late: there is no such thing there's
always time. She's lost. she's changed. She yearns for
something undefined And we'll wait so long but won't
be victims we will Let it go, close our eyes, weigh it's
worth and say goodbye. it's never too late to change
your mind. We're not giving we're waiting. We're
waiting to say goodbye.
