A stillness comes when the smiles have faded
dissatisfied, but you won't betray it. I don't want to
leave, But the world is waiting and it's hard to breathe
when you hear her say We never say forever to each
other anymore and it's harder everytime you go away
We never say forever to each other anymore and I
wonder if there's nothing left to say I'm so confused
bought a ring for the wedding of broken glass in a
silver setting through a telephone you can hear her
sighing from far away. We never say forever to each
other anymore and it's harder everytime you go away
We never say forever to each other anymore and I
wonder if there's nothing left to say I don't want to
leave, But the world is waiting and it's hard to breathe
when you hear her say...
