You used to think you knew it all
You used to stand so proud and tall
Until the day you found
That everything can change

Just take it easy
Take it one step at a time
If you can't have everything
You don't want anything at all

Is this wrong or right?
Is this wrong or right?
Is this wrong or right?

In all the questions that you ask
A silent longing for the past
That's when you say things were the way
They should've been

Made peace with everyone
Everyone except yourself
Don't try to lie to me
I know you all too well

Is this wrong or right?
Is this wrong or right?
Is this wrong or right?

Someone is watching
This other life, this part of me
Someone is watching
This other life, this part of me

Someone is watching
This other life, this part of me
Someone is watching
This other life
