This is the night I waited for

Countin' the days I couldn't take one more

I broke my back, you know I strained my brain, oh yeah

And now the more I give the less I seem to gain, oh no

Now I'm on my time, I do what I want to do

It's my time to shine, this is it I'm breakin' through,
yeah

I want this night to last forever, oh yeah

I want this night to last forever

Listen to me now

Out on the street the night fills my brain

So many girls to meet, they'll never be the same, huh!

My radio's playin' my favorite tune, oh yeah

This is the life, nothin' I'd rather do, oh no

I feel so alive, leave my troubles far behind

Gonna rock tonight, takin' every chance I find, yeah

I want this night to last forever, oh yeah

I want this night to last forever, let's go

All round, round the town

Up and down, hear the sound

All round, round the town

Up and down (whoa)

All round, round the town

Up and down, hear the sound

All round, round the town

Hear the sound (whoa)

Come on let's stroll!

I want this night to last forever, oh yeah

I want this night to last forever, I got to have it

I want this night to last forever, ...

I want this night to last forever

Come on boys let's go

All round, round the town

Up and down, hear the sound

All round, round the town

Up and down (whoa)

All round, round the town

Up and down, hear the sound

All round, round the town

Hear the sound (whoa)

Come on let's stroll
