You saw me comin', you had my number
But you don't want me, could you be dumber
Your eyes are flashin', your lips are willing
But I'm a patsy for the killing
You're so beautiful, so unforgettable
You think that I'd do most anything
Love is for dreamers, love is for believers
Love is for losers, love is for suckers
Love is for suckers, love is for suckers
I'm not some poor fool, won't jump through your hoop
Ain't gonna crawl girl, to that I won't stoop
So if you want me, you'll have to get me
And if you're willing I'll be ready
You're so beautiful, so unforgettable
To me that just don't mean anything
Love is for dreamers, love is for believers
Love is for losers, love is for suckers
Love is for suckers, love is for suckers
Well well well, if it isn't little Miss Perfect
And to what do I owe the pleasure of this visit?
You wanna get back together?

You do, huh?

Well, listen honey, I'm just not interested

You'll what? You will? With your heels on? Oh no

Come on, babe, let's go

Here I go again

You're so beautiful, so unforgettable

You know that I'll do most anything

Love is for dreamers, love is for believers

Love is for losers, love is for suckers

Love is for suckers, love is for suckers

Love is for suckers, love is for suckers

Suckers like me, suckers like you

We'll always be suckers and we'll do most anything

I don't wanna be a sucker

I'm a sucker, you're sucker, he's a sucker, she's a
sucker
