When I think of all the years  
And all the things I never say  
How you fought back all your tears  
And you never tried to walk away  
Well, I've been all 'round the world  
And I've seen all kinds of girls  
And there's one thing that I know for sure  
There is no one else like you  
Who loves me the way you do  
For what's ailin' me you got the cure  
Oh please, listen to me please  
You are all that I need  
All I want is you  
You are all that I need  
All I wanna do  
If you turned away from me  
Sayin' this is what you had to do  
If you said that we can't be  
Girl I'd always be in love with you  
And if I lived a thousand times  
I'd be guilty of the crime

Of eternal love and dedication  
And if I only get one chance  
To know the meaning of romance  
Well, then I'm happy with my education  
Baby baby baby, listen to me please  
You are all that I need  
All I want is you  
You are all that I need  
All I wanna do  
Well, I've been all 'round the world  
And I've seen all kinds of girls  
And there's one thing that I know for sure  
Baby baby, won't you listen to me please  
You are all that I need  
All I want is you  
You are all that I need  
All I wanna do
