A.K.A. friend of mine

lyrics by brandon fleming music by jimmy fleming

every day i fight myself

my mind wants to let you go

but my heart fights back

i do not know what to do about you

you have a place in my heart

you can never lose

there's only one thing left to do

that one thing is you must choose to win or to lose

your selfish actions falter daily

though they never seem to fade away

often retreat seems to be my only escape

but there's always another way

i need you here to soothe my pain and refill me when
i've run dry

your smile releases from reality life for just a moment

i miss your voice that brings a smile to me when i'm
feeling down

or just a simple page at any moment of the day or night

to let me know you care, about me

so you just slide through life like nothing really matters

if it goes wrong you can pack up and leave it all behind
you said you just wanted his friendship
all i want is yours is this too much to ask
i'm still waiting here dreaming you'll come back
to what you've always had
sell me a stare maybe just a moment of your time
whatever it is i want it to be mine
(you're my abandonment in life my place of shelter
tranquility is with you
