Look What You've Done to Me"  
Hope they never end this song  
This could take us all night long  
I looked at the moon and I felt blue  
Then I looked again and I saw you  
Eyes like fire in the night  
Bridges burning with their light  
Now I'll have to spend the whole night through  
And honey, yes, I want to spend it all on you  
Love, look what you've done to me  
I never thought I'd fall again so easily  
Love you wouldn't lie to me  
Leading me to feel this way  
Bridges blaze and turn to stone  
Let's get crazy all alone  
Hold me closer than you'd ever dare  
Close your eyes and I'll be there  
And after all is said and done  
After all you are the one  
Take me up your stair and through the door  
Take me where we don't care anymore

Love look what you've done to me

I never thought I'd fall again so easily

Love you wouldn't lie to me

Leading me to feel this way...
