# "Angels Are Messengers from God"

Visit "[Angels Are Messengers from God](#)" on [MotoLyrics.com](https://MotoLyrics.com)

If angels are messengers from God  
Please send one down to me  
If angels are messengers from God  
I wrote a letter he should read

Been living on faithless street all by myself  
Work your whole life for someone else  
Trying to find sanction, Christ above man  
He never shed his peace on this land  
So I started this damn country band

Been living on faithless street all by myself  
Work your whole life for someone else  
Trying to find sanction, Christ above man

He never shed his peace on this land  
So I started this damn country band  
'Cause punk rock was too hard to sing

Been living on faithless street all by myself  
Work your whole life for someone else  
Trying to find sanction, Christ above man

He never shed his peace on this land  
So I started this damn country band  
'Cause punk rock was too hard to sing
