A pawn shop ain't no place for a wedding ring
Six months from now what will that money mean?
You shop around looking for memories, somehow
The satisfaction don't come that easy
It's a shame you weren't satisfied with me
You're the saddest thing I've ever seen

A pawn shop ain't no place for a wedding ring
Six months from now what will that money mean?
You shop around looking for memories, somehow
The satisfaction don't come that easy
It's a shame you weren't satisfied with me
You're the saddest thing I've ever seen

A pawn shop ain't no place for a wedding ring
Six months from now what will that money mean?
You shop around looking for memories
The satisfaction don't come that easy
It's a shame you weren't satisfied with me
You're the saddest thing I've ever seen
