Well, let's disco down, get on down  
Yeah, let's disco down, to the ground  
Get up, come on, oww  
Alright, get on down, y'all, oww

I didn't mean to fall in love  
Fall in love, yeah

I knew I had been through my search  
The moment we first touched  
And as you held me tight  
We danced on through the night

And when I look into your eyes  
I became with times, you got me by surprise  
Though I only wait to dance  
I fell in love last night at the disco

Did I fall in love with you, baby?  
Did I fall in love?

Though I tried to go back  
She kept on advancing  
Until she got me where  
I couldn't stop romancing

And though I thought I would have control  
Oh, that is not so, a feeling starts to grow  
Though I only wait to dance  
I fell in love last night at the disco

Did I fall in love with you, baby?  
Did I fall in love?

Though I tried to go back  
She kept on advancing  
Until she got me where  
I couldn't stop romancing

And though I thought I would have control  
Oh, that is not so, a feeling starts to grow  
Though I only wait to dance

I fell in love

Though I only wait to dance

I fell in love

Though I only wait to dance

I fell in love last night at the disco

I fell in love, I fell in love

(Disco, at the disco)

I fell in love, I fell in love

(Disco, at the disco)

Didn't mean to fall in love, I only went to dance

So I made it with the body language, yeah

She made me get on down, she made me get on down

A feeling starts to grow, yeah, come on

Well, let's disco down, get on down

Yeah, let's disco down to the ground

Get up, come on, oww

Alright, to be ashamed
