What's this magic that I feel inside?  
So exciting when I'm close to you  
When I'm touching you I can feel it come alive  
Hypnotized by what's inside of you

Ooh, we're just strangers  
We know each other  
I'm so glad  
We found each other

Love is where you'll find it, put your heart inside it  
There is no rhyme or reason, it just comes and makes  
you weak  
And girl, we must believe it, in our hearts we'll feel it  
Love is where you'll find it

What's this mystery I've been captured in?  
I can feel the glow of love touching on my skin  
When I'm close to you there's a feeling from deep  
within  
Only happens when I'm lying here with you

Oh, we're just strangers  
Till we know each other  
And I'm so glad  
Look what we've discovered

Love is where you'll find it, hey, put your heart inside it  
There is no rhyme or reason, it just comes and makes  
you weak  
And girl, we must believe in, what our hearts are  
feeling  
Love is where you'll find it, anywhere

Anywhere

Love is where you'll find it, ooh, put your heart inside it  
There is no rhyme or reason, it just comes and makes  
you weak  
And girl, we must believe it, in our hearts we'll feel it  
Love is where you'll find it

What's this mystery I've been captured in?  
I can feel the glow of love touching on my skin  
When I'm close to you there's a special light within  
It only happens when I'm lying here with you

Oh, we're just strangers anticipating one another  
I'm so glad, look what we've discovered

Love is where you'll find it, hey, put your heart inside it  
There is no rhyme or reason, it just comes and makes  
you weak  
And girl, we must believe what our hearts can feel  
Love is where you'll find it, anywhere

Love is where you're gonna find it, put your heart deep  
inside it  
There is no rhyme or reason, it just comes and makes  
you weak  
And girl, we must believe in, what our hearts are  
feeling  
Love is where you'll find it, anywhere
