Ohm... So Fine
So fine, blow my mind
Ohh... So Fine
So fine, blows my mind

When I saw you, come inside
Couldn't to help notice that you were alone tonight
Oh you're so fine
Can we dance, can we talk, and can we spend some
time

The way you strut (strut)
You're (your) stuff across the floor
Baby I (I)
Can't (can't)
Have you to myself

Baby Baby Baby
(Ohh...). So Fine
So fine, blow my mind

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Can we sit down and discuss...
Possibilities for love tonight
Concentrate on the source
And releasing what we feel inside

And when night (night)
Ends (Ends)
Find a quiet place to be together

We'll take our (our) time (time)
Maybe it will last forever

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind

Hold your head back
Lay it to the side
Hey girls, tell me that you're fine

Hold your head back
Now, close your eyes
Hey girls, tell me that you're fine

Hold your head back
Lean to the side
Hey Fellas, ain't she fine

Hold your head back
Lean to the side
Hey Fellas ain't she fine

The way you strut (strut)
You're (your) stuff across the floor
I really like baby
I (I)
Can't (can't)
Have you to myself

Baby Baby Baby
(Ohh...) So Fine
So fine, blow my mind
