If you start running now
When will you be there
where will you be
On arrival

Can't stop it now
stay in this day
Don't look back
at what you've had

uh.. uh..

Don't be alarmed
play your game
make your scene.
Your good

Be in it now
Tomorrow it's gone
Do what you
have to do

Be in it now
like tomorrow never comes
Plan it as
it'll last forever.

Hey come on
get out of your quick sand
It's in your hands
just do it
