I'll keep my faith
Cause I'm a believer
Yes I am
But I don't believe her

If you don't mind
How people take it
Rest your case
Stop loosing your head

Certify, sanctify, dirty lie
Go go
Wanne be taken all though the drive
Go go
Driving round round and round round and round
go go go
It's breaking me down

If you don't mind
How people take it
Rest your case
Stop loosing your head

Certify, sanctify, dirty lie
Go go go
Wanna be taken all though the drive
Go go go
Driving round round and round round and round
Go go go
It's breaking me down

I'll rest my case
Cause I'm a believer
Yes I am
But I don't believe her.
