You gotta shoot high
You gotta bow low
You gotta move fast
You gotta move slow
And be loving it,
you gotta be loving it

you gotta be smart
and sometimes be dum
you gotta be cool
to get The ultimate Bimbo
you gotta be loving it.

your moving so fast forward and you dont have
enough time to stop
and wonder why shes really there and what she really
wants from you.
The destinations guaranteed dont stop until you reach
the top
there is no place for losers here second place is close
to none

You gotta be varm
and you dont wanna go cold
and you wanna be straight
and not dance around
and be loving and be loving it.

you gotta have black
and gotta be white
and you gotta move forward
and not too much backwards
and be loving it and be loving it.

your moving so fast forward and you dont have
enough time to stop
and wonder why shes really there and what she really
wants from you.
The destinations guaranteed dont stop until you reach
the top
there is no place for losers here second place is close

to none

You gotta take a chance
and to be secure
and you gotta move up
and not to much down
and be loving it and be loving it.

you gotta be good
and you gotta be bad
and you gotta do good
and kill all the bad.
and be loving and be loving it.
