"I Believe"

Roll me up, lay me down
Spin your wheels, round and round
Spread my name all over town
I'll still be standing on solid ground

'Cause I believe, yes I do
I believe
In the power of the Gospel
Don't you know that I believe

Pharisees talking behind my back
Pointing their finger and giving me flack
Oh how they'd love to shoot me down
They think that I'm lost, but I know I've been found

They can say what they want
They can do what they will
My mind is made up, I will follow him still
I don't care if it's uncool
I'll do what is right, 'cause I ain't no fool
